

Dear Swiss Athletes

The Organizing committee of the 2022 AIDA Pool World Championships (Burgas, Bulgaria) announces that registration of athletes is open and will last until 1st of June.

With the approval of AIDA International Board, every country can register maximum 6 athletes per discipline, per gender (6 men and 6 women per discipline), excluding athletes with wild cards.

The registration procedure for Swiss Athletes will be as follows:
The national representative (Manou Maier) is responsible for registering all Swiss athletes on the event's official registration form.

So I set up the following procedure:

- 1) Contact me via E-Mail (apnoe@susv.ch) if you are interested in participating in the 2022 AIDA Pool World Championships (WC) in Burgas, Bulgaria.
- 2) Please include the following information:
 - your actual best performances (which you reach regularly)
 - your last and your planned participations in Swiss Championships (Pool and/or Deep).
- 3) Upon receiving your infos I will check the first formalities (see notes below).
- 4) You will then receive the inscription form.
- 5) Your enrolment is only valid after having paid the deposit of the participation fee (200 €).

Note

- 1) Starting with 1st of January 2022, each athlete must be a member of the AIDA National corresponding to his/her citizenship (passport).
- 2) Every athlete needs to have a registered and active account on the AIDA International website. If you have an account on the AIDA International website not being active, send me a note please.
Athletes who don't have an account yet need to register there first.
- 3) To qualify for a World Championship (independent of the federation), participation in one of the two annual Apnoe Swiss Championships (SC) is required (depth or pool). Until today, no specific ranking is needed. If more divers would like to participate in a world championship than are admitted per country, the results achieved so far count in addition to the participation in a SC.
If participation in the SC is not possible, an agreement will be made with the athlete concerned (specific commitment for the Swiss Apnoe sport).

AIDA Pool World Championships 2022 - Burgas, Bulgaria June 18th to 25th [Link to Website](#)
